

GRADING POLICY

The Advanced Certificate program in Full Stack Development consists of a combination of live teaching, mentoring sessions, video content, labs, quizzes, and graded projects.

The evaluation of academic performance in each course/module is based on the following components: projects, labs, quizzes and attendance.

The percentage allocation of marks for each component, out of 100, is mentioned below.

Component	% of Marks
Project	50%
Labs	20%
Quiz	20%
Attendance	10%

Grades for the course depend on the total marks received by the learner for the course and the distribution is given below

Marks	Grades	Grade Points
95 - 100	A+	4.33
90 - 95	A	4
85 - 90	A-	3.67
80 - 85	B+	3.33
75 - 80	B	3
70 - 75	B-	2.67
65 - 70	C+	2.33
60 - 65	C	2
less than 60	I	0

Course Completion

Participants need to score a minimum of 60 percent to complete a course as per the above breakdown.

Minimum Requirements for Graduation

In order to successfully complete the program, students will be required to meet all the following conditions:

- 1. Completion of all the courses in Backend development.**
2. Not more than one course incomplete in Frontend development & Specialization

The qualification for the completion of the program will be based on the 3 kinds of assessments designed to incorporate comprehensive learning of both theoretical knowledge and practical application.

1. Quiz

Objective: Quiz is the first checkpoint to your understanding of the concepts. The quiz will be constructed by a set of multiple-choice objective type questions. Quiz will be released every week on Friday with next Thursday as the due date of submission.

There shall be no extension for Weekly Quizzes. In case you miss a due date, the maximum mark that the learner can obtain in this case is 80%

For example, The maximum mark of a quiz is 10. However, the learner fails to submit the quiz on time. On attempting the quiz after the due date, the maximum mark that the learner can obtain is 8.

2. Projects

Objective: Projects are defined for each course, which will ensure the application of the relevant concepts taught in that course. The deliverables of the project will ensure a complete understanding of the concepts and their relevant applications.

Projects will be released after the completion of live faculty sessions of every module.

Learners can avail a **maximum of two extensions** during the program. Utilize the extensions judiciously.

The learner is allowed to take an extension of 5 days per project any extension beyond the 5 days will invite a penalty of 10 marks.

For example, The maximum mark of a project is 50. However, the learner fails to submit the project on time. On submitting the project after 5 days of approved extension, the maximum mark that the learner can obtain here is 40.

*Please Note that this policy can be changed at the discretion of Program Director.

3. Labs:

Objective: Labs are added to every module to ensure the application of the relevant concepts in a guided environment. Labs need to be completed in class within the allocated time.

Learners can avail a maximum of two extensions during the program. Utilize the extensions judiciously.

The learner is allowed to take an extension maximum of 5 days per lab. Any extension beyond the 5 days will invite a penalty of 5 marks.

For example, the maximum mark of a lab is 20. However, the learner fails to submit the lab on time. On submitting the lab after 5 days of approved extension, the maximum mark that the learner can obtain here is 15.

Attendance:

Attendance is an integral part of the course & attending all the sessions will fetch you 10% of marks for that module. If a learner is not able to attend any session due to medical/personal reasons or official tours, he/she will have to give prior intimation to the PM.

Re-evaluation Guideline

Participants can request for re-evaluation for any of the assessments with an email request within one calendar week of marks/score release. The course faculty/moderator has the authority to accept or decline the request based on the additional information provided by the participant. Please note that upon re-evaluation, the scores may increase or decrease or remain the same and the revised score will be binding to the participant.

*Please Note that this policy can be changed at the discretion of Program Director.

Plagiarism and Copying

Participants are to avoid plagiarism as well as copying. The deliberate, substantial and unacknowledged incorporation in a participant's work of material derived from the work (published or unpublished) of another is plagiarism. Examples are:

- a) The inclusion in a participant's work of more than a single phrase from another person's work without the use of quotation marks and acknowledgment of the sources;
- b) The summarizing of another person's work by simply changing words or altering the order of presentation, without acknowledgments;
- c) Copying the work of another participant, with or without that participant's knowledge or agreement, is also a case of plagiarism. **Both parties are guilty of plagiarism in this case and will be awarded zero in assessments and the decisions of the Program Office/Moderators will be final.**
- d) You are not allowed to record or share the assessment questions with anyone without prior written approval from the program office. It will be considered a violation and necessary action will be taken.

Certificate

A participant will receive a digital certificate on successful completion of the Program.

Name on the Certificate

The Name on your Certificate will be as per the Name that you have filled in Olympus. If you require any changes, please update your Olympus profile section.
